

Worksheet for the Spiritual Initiation Program -- Step 5 -- After Enlightenment

Your questions for study after you read/listen to the article for Step 5 -- After Enlightenment -- in The Spiritual Initiation program. The audio file is available to help you complete the worksheet.

Does knowing that you have achieved enlightenment allow you to think differently of yourself?

What things do you think you will do differently in your life now? For example, in what ways will you see yourself in a different light, or talk about or to yourself in a more positive way?

Are you aware of the blessing of this experience and have you used that blessing in other areas of your life?

How can you use the process of spiritual initiation that you have completed to make different, more positive, powerful and fulfilling choices in your life?

If this lesson was to be repeated in your life, could you recognize it and what things, if any, would you do differently the next time?

Do you see the links between your thoughts and beliefs and how your reality unfolds? Can you identify any thoughts or beliefs that created the birth and trial for you, and that were part of the lesson?

What did you learn about your thoughts and beliefs in the lesson portion of this spiritual initiation? Are there any beliefs you are going to change now? How can you transform your limiting beliefs and thoughts into more empowering truths that uplift you?

Congratulations and good work! I hope you have enjoyed and benefited from the Spiritual Initiation Program. Now you have tools to apply to every aspect of your life and be confidently empowered to go through this process with understanding, grace, and ease.
