Clarity and Confidence

Clarity is being clear, something that was hidden is now seen

Confidence is self trust, trusting our intuition, wisdom, knowing, and our self

We want clarity to have confidence, we feel confident when we are clear

True clarity vs false clarity

How does true clarity appear in your life?

How does false clarity cloud your clarity?

Expectations and desired outcomes

What do you expect to happen?

Do your expectations have an impact on your desired outcomes and you don't have clarity because of your expectations?

What do you want to achieve with clarity?

What do you think clarity means to you?

Where does clarity come from? Is it a divine or spiritual manifestation?

Confidence is self trust

What does confidence mean to you?

Light Beacons Portal
